

## **Concussion Education**

### **Complimentary Concussion Education Session**

Target Audience: parents, coaches, athletes

Date: Thursday November 29, 2018 5-6 pm

Location: Samis Auditorium – The Children’s Hospital  
Samis Education Center

#### **Course Objectives:**

- Discussion and presentation over sports related traumatic brain injury including concussions and Q&A with medical staff over sports related TBI information.
- What to look for if your child or athlete may be suffering from a concussion.
- “Return to play” guidelines and steps following a concussion.
- A CDC created fact sheet for parents to take home to discuss with your athletes.

Presented by the Trauma Program at OU Medicine and Pediatric Neurosurgery at The Children’s Hospital
